

Operational Toolkit for Business Reopening or Expanding Operations ASSESSMENT CALCULATOR

Risk Assessment
Are you a business that requires a high density of people in your facilities (e.g., a large number of employees in an enclosed space at one time)?
Are you a business that requires your employees to travel to numerous different sites domestically in order to conduct business?
Are you a business that relies on international travel in order to operate?
Are you a business that requires employees to directly touch clients, customers, or other community members?
Are you a business that requires the handling and transfer of goods and other products between employees, clients, customers, or other community members?
Does your business have high-touch surfaces that are required for operations?
Does your business require prolonged close contact between employees, clients, customers or other community members (ie, more than 10 minutes, less than 6 feet)?
Do you or your employees interact with <u>any</u> clients, customers, or other community members in person, on a daily basis?
Do you or your employees interact with <u>a large number</u> of clients, customers, or other community members in person, on a daily basis?
Are you a business that works directly with vulnerable populations (eg, aged care, disability services, etc)?

Risk Score

*In order to receive your risk score, you must answer all questions displayed at the bottom of the risk assessment next to the box 1
